

Thuraya MarineStar

Affordable maritime satellite voice.

This is Thuraya MarineStar

Sail off into your summer vacation care-free, when you know that you're backed up by the Thuraya MarineStar - a maritime satellite voice solution keeping you connected to the world via circuit-switched voice and SMS services. Along with the ability to make satellite calls to landlines, mobiles, and other satellite phones, this affordable terminal also supports GmPRS data connectivity, so you can stay in touch with family and friends at shore.

Whether you're planning a weekend adventure at sea or journeying across the ocean for a while, the Thuraya MarineStar will provide you with flawless, cost-effective voice communications, no matter where your oceanic adventures take you. Blending a robust design with unmatched functionality, you can be assured that you'll have access to constant connectivity, even in turbulent conditions.
